INFORMATION LETTER

Student's scientific forum of Saint-Petersburg state pediatrics medical university invites students and young scientists on

13-14 APRIL 2017

to take part in

All-Russian scientific forum of students and young scientists «STUDENT's SCIENCE - 2017»

Scientific fields:

- *Pediatrics*
- *Obstetrics & Gynaecology*
- *Pediatrics Surgery*
- *Anaesthesiology, Reanimation and Intensive Therapy*
- *Surgery*
- *Therapy*
- *Pediatrics Nephrology*
- *Infectious Diseases*
- *Ophthalmology*
- *Otorhinolaryngology*
- *Dermatovenerology*
- *Psychiatry*
- *Neurology*
- *Clinical Psychology*
- *Hygiene*
- *Sports medicine, Physical/Exercise therapy and Physiotherapy*
- *Dentistry*
- *Cardio-Vascular surgery*
- *Healthcare Organization*
- *Extreme Medicine and Medicine of Catastrophes*
- *Medical biology*
- *medical chemistry*
- *Morphology*
- *Biochemistry*
- *Physiology*
- *Microbiology, virusology and immunology*
- *Humanitarian discipline, Latin and foreign languages*
- *Pharmacology*
- *Stimulating technology in medicine*

All Materials will be included in the database of RSCI

Participation in Forum and publication of thesis is free.

Form of participation:

1. Publication of thesis, oral report (duration – 7 minutes)
2. Only publication of thesis

Prerequisites for participation in Forum:

Students of SPbGPMU must send their thesis through the leader of Student Scientific Circle (SSC)

For young scientist of SPbGPMU:

1. Send an email with attached thesis (word document) to organizing committee of Forum **at the latest by 1st March 2017.**
2. Email address of organizing committee of the Forum is: **forum.gpmu@gmail.com**
3. Subject of your email must specify the scientific field of study, author's name, name of the institution.
4. The email must specify:
 - Author's Full name, year of study, Faculty; (for young scientists – status: intern, resident of X year, PhD student, doctor)
 - Name of institution (name of work place)
 - Scientific field of study
 - Form of participation
 - Title of thesis
 - Contact phone number
 - Web-link to your social network «Vkontakte» account
 - Email address
5. Word document attached to the email must be prepared according to the above mentioned criteria. **The file name should match the title of your thesis.** In case of multiple thesis submission, it is necessary to arrange it in separate files.

ATTENTION!

THESIS SENT AFTER 01.03.2017 OR NOT CONFORMING TO THE RULES, WILL NOT BE ACCEPTED.

IMPORTANT:

- Abstracts will be sent for consideration to experts in their respective scientific field.
- The Organizing Committee reserves the right based on the decision of experts to reject the application for the publication of thesis and participation in the Forum.
- Based on the decision of experts the work can be related to another scientific field of study.

- AFTER THE SUBMISSION OF THESIS, AMENDMENTS ARE NOT ALLOWED

Guidelines for Thesis preparation:

- Volume of thesis: up to 2500 characters with spaces.
- Font: Times New Roman
- Size: 12
- Line spacing – 1.5
- Document margin: from ALL sides 2 cm
- Alignment of the document: the header is centred, the main text of abstract – justified alignment.
- If thesis authors, scientific supervisor are mentioned – first surname then after a space initials are written.
- Thesis is accepted in MS WORD format.
- Tables and graphic materials are NOT ALLOWED in word file.

THESIS MUST CONFORM TO FOLLOWING STRUCTURE:

1. Title of Thesis in CAPITAL LETTERS.
2. Surname Name Middle name (S.N.M.) of authors, year of study, Faculty (status of young scientist).

In case of multiple authors S.N.M. of speaker is written first, then S.N.M. of co-authors.

3. Scientific supervisor (supervisors): scientific degree, title, Surname.N.M.

При наличии более одного научного руководителя перечисление идёт через запятую.
Scientific degree should be abbreviated for e.g. Ph.D.

Scientific title is to be written in full for instance: Professor, Associate Professor, Assistant etc.
There should be no commas after scientific title.

4. Name of Department or laboratory fulfilling role of base for scientific research. Name should be written in full and should be same as their official name.
5. Full name of the educational institution.
6. Empty line.
7. Thesis text.

Text must be strictly organized:

1. Relevance of research:
2. Purpose of research:
3. Materials and methods:
4. Results:
5. Conclusions:

SAMPLE THESIS:

TITLE OF THESIS

Sidorov V.G., 4th course, Pediatrics Faculty

Scientific supervisor: Ph.D., professor Petrov D.E.

Department of pathological anatomy with course of forensic medicine

Saint-Petersburg state paediatrics medical university

Relevance of research: thesis text.....

Purpose of research: thesis text.....

Materials and methods: thesis text.....

Results: thesis text.....

Conclusions: thesis text.....

Questions regarding workings of Forum please contact:

1. Email address of Organizing committee of Forum: forum.gpmu@gmail.com
2. Group SSA SPbGPMU «vkontakte»: <https://vk.com/snogpmu>

Sincerely yours,

Organizing committee of Forum
